Application for apprenticeship

I would like to submit my application for the position of Electrical apprenticeship I believe my skill set makes me a perfect candidate for the position. Attached please find my résumé detailing my skills, certificates, and work experience.

I am passionate about pursuing a career in the electrical industry and am eager to begin my apprenticeship with a team that values safety, professionalism, and continuous learning. During my studies and work experience, I developed a strong commitment to maintaining a safe work environment. I consistently followed safety protocols, including signing in and out of worksites and completing risk assessments before commencing tasks.

In addition to my technical training, I have gained valuable experience in time management and teamwork. While volunteering at the Emmaus Christian College canteen for two years, I worked closely with others to ensure smooth operations and adhered strictly to health and safety procedures. I recently received the ADF Future Innovator's award for year 12 for outstanding dedication and skill in my electrotechnology studies. I have also received awards for 100% attendance at school in year 12, awards for integrity and love of work, and I am conscientious about always being on time.

I am enthusiastic about the opportunity to contribute to your team and further develop my skills as an Apprentice Electrician. I would love the opportunity of an interview to discuss opportunities and pathways to obtain an position in your company.

Thank you for considering my application.

Sincerely,

Keagan Wilke
