I am an enthusiastic and team-oriented Individual who has just completed Year 12 at Cardijn College Marcellin Campus. I have a keen interest in all things electrical. I enjoy. I enjoy working as part of a team and have a current driver's license and my own transport.

## Career objective

My commitment to pursuing a career in the electrical industry is evidenced by not only the completion of my Certificate II but also by being awarded the ADF Future Innovators award for 2025 for demonstrating outstanding skill and dedication in electrotechnology. I would love the opportunity to pursue this dedication in a full-time electrical apprenticeship,

## Key Skills

- Great understanding of circuits and their functions
- Reliable and self-motivated
- Willing to learn and improve skills.
- Able to work as part of a team.
- Deep understanding of complex electrical concepts
- Problem-solving mindset
